Cross Stitch Quest

Cross Stitch Quest

This image shows a 10x10 grid puzzle. The grid is bounded by numerical scales on the top and left edges. The top edge has values 60, 70, and 80, while the left edge has values 10, 20, 30, 40, 50, 60, and 70. The grid contains several distinct patterns of symbols: clubs (black diamonds), hearts (orange diamonds), stars (white stars on black), crosses (red 'X' marks), and arrows (white triangles pointing up, down, left, or right). Some symbols are grouped together in clusters, while others are scattered across the grid. The overall pattern is complex and requires careful observation to decipher.
